Hublot Polo Gold Cup Gstaad: Cuando el Polo se va muy alto

Es sin duda el torneo de Polo más original del mundo, jugado en un campo atípico a una altitud de 1.100 metros y en un magnífico entorno verde. La Hublot Polo Gold Cup Gstaad estará de vuelta en el aeropuerto de Saanen, en el cantón suizo de Berna, del 17 al 20 de agosto.

Hublot Polo Gold Cup Gstaad: Cuando el Polo se va muy alto

https://www.ecuestre.es/app/deporte/polo/hublot-polo-gold-cup-gstaad-cuando-el-polo-se-va-muy-alto

La Hublot Polo Gold Cup Gstaad, que se disputa en la hermosa ciudad turística de Gstaad, en el corazón de los Alpes suizos, es el más exclusivo de los torneos de Polo. Se juega con un impresionante telón de fondo de picos alpinos y exuberante vegetación, en el borde de la pista del aeropuerto de gran altitud de Saanen, que paraliza su actividad durante la competición. Pero más que eso, es una celebración del deporte y el Polo de alto nivel, donde los mejores jugadores del mundo compiten por este codiciado trofeo del circuito internacional.

Pero lo que hace que la Hublot Polo Gold Cup Gstaad sea decididamente diferente es la experiencia general que ofrece a quienes asisten. Además del Polo de alto nivel, hay un village VIP, con expositores que ofrecen productos de lujo únicos, así como una zona de restauración para el público y un parque infantil para niños.

Este año, el espacio también acogerá una prestigiosa exposición organizada por la Galería Adrienne Desbiolles-Syz de Zurich, con un gran número de esculturas de Richard Orlinski, y la presentación de los últimos modelos de la prestigiosa marca de automóviles Aston Martin.

La Hublot Polo Gold Cup Gstaad es también un evento gourmet con alta cocina ofrecida por el Gstaad Palace. La enorme carpa situada justo al lado del campo puede acomodar a unos quinientos invitados durante dos almuerzos y una grandiosa cena de gala con presentación de los equipos y baile hasta el amanecer, con música de la famosa Dora.

En el aspecto deportivo, tres capitanes, un suizo y dos alemanes, Cedric Schweri CH, Peter Cromm ALL y Jürgen Schröder ALL, intentarán suceder al francés de Zurich, Sébastien Le Page, quien por supuesto estará allí para defender su título. Los equipos llevarán los colores de HUBLOT, GSTAAD PALACE y KIELDER AGRO GROUP.

El Polo es un deporte exigente, que requiere que los jugadores tengan habilidades atléticas y ecuestres. Sin embargo, el verdadero héroe del deporte es el caballo. Criados y seleccionados durante más de un siglo, estos atletas equinos son los socios cruciales de sus jinetes. Dotados de una inteligencia aguda y una notable velocidad mental, también son muy entrañables.

Capaces de responder a cada movimiento de su jinete e incluso anticiparse a sus necesidades, estos gentiles animales pueden convertirse en verdaderos guerreros. Su fuerza, agilidad y coraje son legendarios, lo que los hace irresistibles para todos los amantes del deporte. Procedentes principalmente de Argentina, estos caballos se adaptan a todas las condiciones, incluso a las más extremas, como los 1.100 metros de altitud del torneo de verano más alto del mundo.

https://www.ecuestre.es/app/deporte/polo/hublot-polo-gold-cup-gstaad-cuando-el-polo-se-va-muy-alto

La competición se juega durante tres días: de clasificación el jueves, semifinales el sábado y finales el domingo. Más allá del deporte, el ambiente es claramente acogedor, con animaciones pintorescas como el desfile de los equipos que se realiza el viernes en las calles de Gstaad. Es una forma mágica de experimentar el Polo de alto nivel en un entorno alpino único en el circuito internacional.

Si bien el Polo es el punto culminante del evento, es toda la experiencia Hublot Polo Gold Cup Gstaad lo que hace de este evento un destino imperdible para los amantes del deporte y la belleza.

In programma dal 17 al 20 agosto, si preannuncia un evento altamente competitivo.

Sono attese quattro squadre, con due capitani provenienti dalla Germania, uno dalla Svizzera, uno dalla Francia (campione uscente). In campo anche i team in rappresentanza di Inghilterra, Brasile e, naturalmente, Argentina, con Martin Aguerre Jr, recente vincitore della prestigiosa Copa Càmara.

È con i colori di HUBLOT che "Martincito" Aguerre, handicap 7, scoprirà per la prima volta nella sua carriera lo speciale campo da polo dell'aeroporto di Saanen-Gstaad. Una risorsa preziosa per il capitano tedesco Jürgen Schröder. Martin Aguerre Jr. è un giocatore che è essenzialmente "cresciuto" in Francia, al Polo Club du Domaine de Chantilly. Suo padre, Martin, era un pilastro della squadra svizzera di Chantilly, Marquard Media, e giocava a Gstaad. Martin Jr. è subentrato naturalmente, mentre il padre è diventato un rinomato arbitro che può essere visto giudicare le partite più importanti, come quelle dell'Open d'Argentina. Questo Abierto, che lo zio di Martincito, Mariano, ha vinto dodici volte con tre squadre diverse, tra cui La Dolfina. Un riferimento sufficiente per sottolineare che si tratta di una delle grandi famiglie del polo argentino... e quindi del polo internazionale.
Già vincitore della Hublot Polo Gold Cup Gstaad nel 2018, l'uomo d'affari svizzero Cedric Schweri torna quest'anno con i colori verdi di KIELDER AGRO GROUP, contando ancora sul campione del mondo brasiliano Joao Novaes. Il pubblico di Gstaad conosce e apprezza il suo gioco spettacolare e in avanti. Al top della forma, è in grado di ribaltare la partita. L'anno scorso, KIELDER AGRO GROUP è stato finalista con una squadra diversa: la nuova formazione di Cedric Schweri gli offrirà una possibilità di rivincita?

https://www.horseshowjumping.tv/svelate-le-squadre-per-ledizione-2023-della-hublot-polo-gold-cup-gstaad/

L'altro capitano tedesco, Peter Cromm, si affiderà al giocatore britannico Max Charlton per condurre GSTAAD PALACE alla vittoria. Max Charlton è un giocatore vivace con i suoi cavalli provenienti dall'Inghilterra. Charlton è un giocatore a tutto tondo, che ha brillato sulla neve a St. Moritz e ha un handicap 10 nell'Arena Polo! Ma è altrettanto temibile sull'erba: ha vinto più o meno tutte le coppe britanniche a medio goal, come la Queen Mother's Cup (15 goal) e ha recentemente vinto la tradizionale Westchester Cup di Wellington (USA), una partita ad alto goal tra Regno Unito e Stati Uniti?

Ultimo, ma non meno importante, il detentore del titolo, il francese Sébastien Le Page, sedotto dal gioco e dall'efficienza di Raul Laplacette nell'ultima edizione, dove ha promesso di tornare con l'argentino quest'anno: "Raul? È una forza tranquilla! Sì, si ha l'impressione che sia sempre al rallentatore, ma in realtà è sempre in palla. È la prima volta che gioco con lui, ma non sarà l'ultima". È vero che l'argentino si muove con disinvoltura sul campo, dando l'impressione di essere in più posti contemporaneamente e inviando regolarmente passaggi lunghi e decisivi ai compagni. Un giocatore fondamentale in grado di portare un secondo titolo a Lepage e un primo ai nuovi colori del Team GSTAAD.

Per quattro giorni, il prato che costeggia la pista dell'aeroporto si trasformerà in un campo di gara su cui si concentreranno tutti gli occhi del mondo del polo. Ma questo sport non è solo per gli iniziati: è spettacolare, facile da seguire e affascinante. La bellezza dei cavalli stupisce, l'abilità dei giocatori lascia a bocca aperta. E non ci vuole molto perché il pubblico si schieri a favore di una delle quattro squadre che si affrontano sul campo. Sei partite in tutto, due per ogni giorno, giovedì 17, sabato 19 e la finale di domenica 20. Il venerdì 18 è dedicato alla tradizionale e pittoresca sfilata delle squadre per le strade di Gstaad.

Dopo le partite, la vita non si ferma: si può visitare il villaggio con le sue magnifiche bancarelle, mangiare e bere, incontrare i giocatori e un enorme parco giochi attende i bambini.

Dal 17 agosto, la Hublot Polo Gold Cup Gstaad sarà sicuramente un evento da non perdere.

THE TEAMS ARE UNVEILED

The 2023 edition of the Hublot Polo Gold Cup Gstaad, from August 17th to 20th, promises to be highly competitive... as usual! Four teams with two captains from Germany, one from Switzerland and one from France (the defending champion), and three other nations will be represented: England, Brazil and, of course, Argentina, headlined by Martin Aguerre Jr, winner of the prestigious Copa Càmara in Argentina.

https://poloplus10.com/hublot-polo-gold-cup-gstaad-17-20-august-2023/

It's in the colors of HUBLOT that ‚Martincito' Aguerre, handicap 7, will discover the very special polo field at Saanen-Gstaad airport for the first time in his career. A valuable asset for German captain Jürgen Schröder. Martin Aguerre Jr. is a player who essentially „grew up" in France, at the Polo Club du Domaine de Chantilly. His father, Martin, was a pillar of the Chantilly-based Swiss team, Marquard Media, and played in Gstaad. Martin Jr. took over naturally, while his father has become a renowned referee who can be seen judging the biggest matches, such as those of the Argentine Open. This Abierto, which Martincito's uncle Mariano won twelve times with three different teams, including La Dolfina. Enough of a reference to underline the fact that we're dealing here with one of the great families of Argentine polo... and therefore of international polo.

Former winner of the Hublot Polo Gold Cup Gstaad in 2018, Swiss businessman Cedric Schweri returns this year in the green colors of KIELDER AGRO GROUP, still counting on Brazilian World Champion Joao Novaes. The Gstaad public knows and appreciates his spectacular, forward-moving game. In top form, he is capable of turning around the game. Last year, KIELDER AGRO GROUP was a finalist with a different team: will Cedric Schweri's new line-up offer him a chance for revenge?

The other German captain, Peter Cromm, will be counting on British player Max Charlton to lead GSTAAD PALACE to victory. Max Charlton is vivid player with his horses from England. Charlton is an all-round player, having shone on the snow in St. Moritz and is handicap 10 in Arena Polo! But he's just as daunting on grass: he more or less won all UK medium goal cups like the Queen Mother's Cup (15-goal) and he recently won the traditional Westchester Cup in Wellington (USA), a high-goal match between the United Kingdom and the United States?

Last, but not least, title-holder Sébastien Le Page of France, seduced by Raul Laplacette's play and efficiency at the last edition where he promised to return with the Argentinian this year: „Raul? He's the quiet force! Yes, you get the impression that he's in slow motion all the time, but in fact he's always on the ball. This is the first time I've played with him, but it won't be the last." It's true that the Argentinian moves around the field with ease, giving the impression of being in several places at once and regularly sending long, decisive passes to his team-mates. A crucial player capable of bringing a second title to Lepage and a first to the new colors of Team GSTAAD.

For four days, the lawn bordering the airport's runway will be transformed into a competition field to which all eyes in the polo world will turn. But this sport is not just for the initiated: it's spectacular, easy to follow and fascinating. The beauty of the horses amazes, the skill of the players is jaw dropping. And it doesn't take long for the public to take up the cause of one of the four teams battling it out on the field. Six games in all, two each day, on Thursday 17th, Saturday 19th and the finals on Sunday 20th. Friday the 18th is dedicated to the traditional and picturesque team parade through the streets of Gstaad.

After the games, life doesn't stop: you can visit the village with its magnificent stalls, eat and drink, meet the players and a huge playground awaits the children.

From August 17th, the Hublot Polo Gold Cup Gstaad is sure to be the Alpine event not to be missed.

Ya se conocen los equipos para la Hublot Polo Gold Cup Gstaad

La edición 2023 de la Hublot Polo Gold Cup Gstaad, del 17 al 20 de agosto, promete ser muy competitiva... ¡como siempre! Estarán representadas cuatro selecciones con dos capitanes de Alemania, uno de Suiza y otro de Francia (el vigente campeón), y otras tres naciones: Inglaterra, Brasil y, por supuesto, Argentina, encabezada por Martín Aguerre Jr, ganador de la prestigiosa Copa Cámara en Argentina.

Con los colores de HUBLOT, 'Martincito' Aguerre, de hándicap 7, descubrirá la cancha de Polo muy especial del aeropuerto de Saanen-Gstaad por primera vez en su carrera. Un activo valioso para el capitán alemán Jürgen Schröder. Martin Aguerre Jr. es un jugador que esencialmente "creció" en Francia, en el Polo Club du Domaine de Chantilly. Su padre, Martin, era un pilar del equipo suizo con sede en Chantilly, Marquard Media, y jugaba en Gstaad. Martin Jr. asumió el cargo de forma natural, mientras que su padre se ha convertido en un árbitro de renombre al que se le puede ver juzgando los partidos más importantes, como los del Abierto Argentino. Este Abierto, que el tío de Martincito, Mariano, ganó doce veces con tres equipos diferentes, incluido La Dolfina. Bastante referencia para subrayar que estamos ante una de las grandes familias del polo argentino... y por ende del polo internacional.

El ex ganador de la Hublot Polo Gold Cup Gstaad en 2018, el empresario suizo Cedric Schweri, regresa este año con los colores verdes de KIELDER AGRO GROUP, contando aún con el campeón mundial brasileño Joao Novaes. El público de Gstaad conoce y aprecia su juego espectacular y avanzado. En plena forma, es capaz de darle la vuelta al juego. El año pasado, KIELDER AGRO GROUP fue finalista con un equipo diferente: ¿la nueva alineación de Cedric Schwei le ofrecerá una oportunidad de venganza?

w_Joao-Novaes-©-Kathrin-GrallaEl otro capitán alemán, Peter Cromm, contará con el jugador británico Max Charlton para llevar al GSTAAD PALACE a la victoria. Max Charlton es un jugador polivalente, que ya ha brillado en la nieve en St. Moritz y ¡tiene un hándicap 10 en Arena Polo! Pero es igual de desalentador sobre hierba: ganó más o menos todas las copas de medio gol del Reino Unido como la Queen Mother's Cup (15 goles) y recientemente ganó la tradicional Copa Westchester en Wellington (EE. UU.).

Max Charlton (Foto R&B Presse©)

Por último, pero no menos importante, el campeón Sébastien Le Page de Francia, seducido por el juego y la eficiencia de Raul Laplacette en la última edición donde prometió volver con el argentino este año: "¿Raúl? ¡Es la fuerza tranquila! Siempre tienes la impresión de que está en cámara lenta todo el tiempo, pero de hecho siempre está concentrado. Esta es la primera vez que juego con él, pero no será la última".

Es cierto que el argentino se mueve con soltura por el campo, dando la impresión de estar en varios sitios a la vez y enviando regularmente pases largos y decisivos a sus compañeros. Un jugador clave, capaz de dar un segundo título a Lepage y el primero a los nuevos colores del equipo GSTAAD.

Pero este deporte no es sólo para iniciados: es espectacular, fácil de seguir y fascinante para el gran público. La belleza de los caballos asombra, la habilidad de los jugadores es impresionante, y el público no tarda mucho en hacerse cargo de la causa de uno de los cuatro equipos que luchan en el campo.

THE TEAMS ARE UNVEILED

The 2023 edition of the Hublot Polo Gold Cup Gstaad, from August 17th to 20th, promises to be highly competitive... as usual! Four teams with two captains from Germany, one from Switzerland and one from France (the defending champion), and three other nations will be represented: England, Brazil and, of course, Argentina, headlined by Martin Aguerre Jr, winner of the prestigious Copa Càmara in Argentina.

It's in the colors of HUBLOT that ‚Martincito' Aguerre, handicap 7, will discover the very special polo field at Saanen-Gstaad airport for the first time in his career. A valuable asset for German captain Jürgen Schröder. Martin Aguerre Jr. is a player who essentially „grew up" in France, at the Polo Club du Domaine de Chantilly. His father, Martin, was a pillar of the Chantilly-based Swiss team, Marquard Media, and played in Gstaad. Martin Jr. took over naturally, while his father has become a renowned referee who can be seen judging the biggest matches, such as those of the Argentine Open. This Abierto, which Martincito's uncle Mariano won twelve times with three different teams, including La Dolfina. Enough of a reference to underline the fact that we're dealing here with one of the great families of Argentine polo... and therefore of international polo.

Former winner of the Hublot Polo Gold Cup Gstaad in 2018, Swiss businessman Cedric Schweri returns this year in the green colors of KIELDER AGRO GROUP, still counting on Brazilian World Champion Joao Novaes. The Gstaad public knows and appreciates his spectacular, forward-moving game. In top form, he is capable of turning around the game. Last year, KIELDER AGRO GROUP was a finalist with a different team: will Cedric Schweri's new line-up offer him a chance for revenge?

The other German captain, Peter Cromm, will be counting on British player Max Charlton to lead GSTAAD PALACE to victory. Max Charlton is vivid player with his horses from England. Charlton is an all-round player, having shone on the snow in St. Moritz and is handicap 10 in Arena Polo! But he's just as daunting on grass: he more or less won all UK medium goal cups like the Queen Mother's Cup (15-goal) and he recently won the traditional Westchester Cup in Wellington (USA), a high-goal match between the United Kingdom and the United States?

https://poloplus10.com/hublot-polo-gold-cup-gstaad-17-20-august-2023/

Last, but not least, title-holder Sébastien Le Page of France, seduced by Raul Laplacette's play and efficiency at the last edition where he promised to return with the Argentinian this year: „Raul? He's the quiet force! Yes, you get the impression that he's in slow motion all the time, but in fact he's always on the ball. This is the first time I've played with him, but it won't be the last." It's true that the Argentinian moves around the field with ease, giving the impression of being in several places at once and regularly sending long, decisive passes to his team-mates. A crucial player capable of bringing a second title to Lepage and a first to the new colors of Team GSTAAD.

For four days, the lawn bordering the airport's runway will be transformed into a competition field to which all eyes in the polo world will turn. But this sport is not just for the initiated: it's spectacular, easy to follow and fascinating. The beauty of the horses amazes, the skill of the players is jaw dropping. And it doesn't take long for the public to take up the cause of one of the four teams battling it out on the field. Six games in all, two each day, on Thursday 17th, Saturday 19th and the finals on Sunday 20th. Friday the 18th is dedicated to the traditional and picturesque team parade through the streets of Gstaad.

After the games, life doesn't stop: you can visit the village with its magnificent stalls, eat and drink, meet the players and a huge playground awaits the children.

From August 17th, the Hublot Polo Gold Cup Gstaad is sure to be the Alpine event not to be missed.

L'Hublot Polo Gold Cup promette di essere indimenticabile

Tra tre giorni, **Pierre Genecand**, presidente del **Polo Club Gstaad**, entrerà nel campo da polo dell'aeroporto di Saanen a bordo di una scintillante Aston Martin per dare simbolicamente il via alla **26ª edizione della Hublot Polo Gold Cup**, che si preannuncia gloriosa.

A livello regolamentare, saranno gli arbitri inglesi **Oliver Ellis** e **Charles Seavill** a lanciare la palla nel corridoio che separa le due squadre per la prima partita di questo prestigioso torneo, si parla di solito di throw-in (rimessa in gioco).

La competizione si preannuncia entusiasmante, con quattro capitani (uno svizzero, due tedeschi e un francese) che hanno messo insieme squadre altamente competitive, composte per lo più da professionisti argentini, guidati dal recente vincitore della **Copa Cámara** in Argentina, due volte vincitore dell'**Open de France** e della **Coupe d'Or de Deauville**, lo spettacolare 7 gol **Martin Aguerre Jr**. Suo padre, ex professionista che ha giocato a Gstaad, è ora un arbitro professionista, e suo zio, Mariano, ha vinto l'**Open di Argentina** dodici volte.

I 5.000 spettatori attesi per questo fine settimana non solo potranno assistere a momenti di grande sport, ma potranno anche usufruire di tutte le strutture pensate per accogliere le famiglie nelle migliori condizioni possibili. Sono previsti ingresso gratuito, diversi ristoranti, area giochi per bambini, accesso al centro commerciale e molto altro solo al Polo Club Gstaad.

The Polo spirit is bold – dare to add a splash of colour | Photo: Kathrin Gralla

Game day is a spectacular affair, vibrant and filled with all sorts of people coming out to enjoy the day. Some are dressed to the nines, and others are sporting the practical and have carefully curated their "laid-back looks".

For me, polo is a man's game, as much on horse as off, and so this edition of the shopping guide has been dedicated to them.

The quintessential S.T. Dupont lighter, with its famous "cling" as it opens, is easily recognised by those in the know. Its balanced proportions make it the most versatile S.T. Dupont lighter. Vor dem grossen Duell hoch zu Ross

Saanen Pferdesport ist angesagt in Gstaad: Gewinnt Cedric Schweri am Wochenende nach fünf Jahren seinen zweiten Polo Gold Cup? Oder werden es wieder die Franzosen sein?

Bruno Petroni

Morgen Donnerstagmittag gehts los: Auf dem Gelände des Flugplatzes Saanen beginnt die 26. Austragung des Hublot Polo Gold Cups, eines der begehrtesten Events in der weltweiten Poloszene. Zu dieser viertägigen Sportveranstaltung mit Pferden, Luxuswagen und Apéroanlässen, welche zur Serie der World Polo Tour zählt, werden auch in diesem Jahr nicht weniger als 5000 Zuschauer erwartet. «Dazu kommen rund 1500 geladene Gäste», ergänzt Pascal Renauldon, der Medienssprecher des Veranstalters.

Stelldichein der Promis

Noch steht nicht fest, welche prominente Namen sich am Wochenende auf dem Gelände tummeln werden. «Die bisher Prominenteste war vor wenigen Jahren Pippa Middleton, die Schwester der heutigen Prinzessin von Wales», so Renauldon. Auch seien immer wieder ehemalige Spitzenfussballer anzutreffen oder andere Promis aus der Sportwelt.

Für die Sportler und ihre Pferde aus fünf Nationen geht es am Turnier vor allem darum, sich wertvolle Weltranglistenpunkte zu erkämpfen. Dabei besteht jedes Team aus vier Reitern, von welchen jeder sein persönliches Handicap aufweist. Im Polosport gibt es nämlich keine fixen Teams wie in anderen Mannschaftssportarten. Diese Viererteams werden von den jeweiligen Teamkapitänen so zusammengestellt, dass sie ein ausgeglichenes Handicap haben.

Luxus und Kinderparadies

Am Start sind Sportler aus Argentinien, Brasilien, Deutschland, Frankreich und der Schweiz. Prominentester und erfolgreichster Schweizer ist der 45-jährige Enkel des Denner-Gründers Karl Schweri, Cedric Schweri, der in Argentinien eine eigene Polo-Ranch betreibt und das Gstaader Turnier bei seinen bisher acht Teilnahmen vor fünf Jahren auch gewonnen hat. Topfavorit ist der Franzose Sébastian Le Page, der letztes Jahr gewonnen hat. Zu den weiteren Anwärtern auf den Sieg gehören die beiden Deutschen Jürgen Schröder und Peter Cromm.

Das Rahmenprogramm rund um den Pferdesport umfasst ein VIP-Dorf, Ausstellungen von Anbietern von Luxusprodukten, ein öffentliches Catering, Haute Cuisine aus dem Gstaad Palace und einen grossen Kinderspielplatz. «In diesem Jahr werden wir auch die prestigeträchtige Ausstellung der Zürcher Adrienne-Desbioles-Syz-Gallery bei uns haben sowie eine stattliche Anzahl Skulpturen des französischen Bildhauers und Neo-Pop-Künstlers Richard Orlinski», steht in der Ausschreibung des Organisators. Auch die Freunde der Luxusautos werden auf ihre Rechnung kommen. So werden am Anlass die neusten Modelle der britischen Luxusmarke Aston Martin vorgestellt.

Ein grosses Festzelt direkt am Spielfeldrand bietet 500 Gästen beste Sicht auf das sportliche Geschehen und genügend Platz für Lunches und die Galanacht vom Samstag mit der Dora Live Band.

Die Spielzeiten

Das Programm des 26. Hublot Polo Gold Cups: Morgen Donnerstag jeweils um 13.30 Uhr und 15 Uhr beginnen die beiden Qualifikationsspiele. Am Freitag um 16 Uhr findet die traditionelle grosse Parade durch das Dorfzentrum von Gstaad statt.

Am Samstag um 13.30 und 15 Uhr spielen die siegreichen Teams aus dem Donnerstag im Halbfinal um den Einzug ins Endspiel. Ab 19.30 Uhr steigt die Galanacht. Am Sonntag findet um 13.30 Uhr der «kleine Final» um den dritten Platz statt, und um 15 Uhr beginnt das Finalspiel. Die Siegerehrung ist um 16.30 Uhr geplant.

Woher Polo stammt – und wie es gespielt wird

Polo ist ein Mannschaftssport, bei welchem vier Pferdereiter pro Team versuchen, einen acht Zentimeter grossen Ball mithilfe eines langen Holzschlägers ins gegnerische Tor zu spielen. Die Spielfeldfläche ist mit 274 x 183 Metern (in Gstaad nur 100 Meter) um ein Mehrfaches grösser als beim Fussball. Die zwei Tore sind je drei Meter hoch und 7,2 Meter breit. Das Spiel ist in vier (in Gstaad) bis acht Zeitabschnitte eingeteilt, die je maximal sieben Minuten dauern. Jeder Polospieler hat ein persönliches Handicap zwischen –2 und +10. Die addierten Handicaps der vier Spieler definieren die Stärke des Teams. Wenn nun verschieden starke Teams gegeneinander spielen, bekommt die schwächere Mannschaft einen gewissen Torevorsprung.

Der anglo-indische Ausdruck «Polo» wird seit der zweiten Hälfte des 19. Jahrhunderts verwendet, stammt aus der Sprache der Balti heisst tibetisch «Pulu» – Ball. Erstmals gespielt wurde Polo vor 2600 Jahren in Zentralasien. Später wurde es im Iran zum Nationalsport. In Afghanistan wurde und wird heute noch das dem Polo verwandte Bszkashi gespielt. Während der islamischen Verbreitung gelangte das Spiel auch in den arabischen Raum und unter den Mogulkaisern nach Indien. In der Spätantike wurde Polo auch im Römischen Reich populär. So gab es neben dem Kaiserpalast von Konstantinopel einen Poloplatz, der schon von Kaiser Theodosius gebaut worden sein soll.

Am meisten verbreitet ist Polo in Argentinien; von dort stammen auch die weltweit besten Polospieler. England hat europaweit die breiteste Basis an Clubs; die meisten davon aus dem Grossraum London. Von der Insel stammen auch die stärksten Spieler Europas. Seit 64 Jahren wird auch in der Schweiz Polo gespielt – und zwar in allen Landesteilen. Seit 1985 bildet der Polo-Weltcup auf Schnee in St. Moritz das alljährliche Highlight der helvetischen Poloszene. Aber auch der Polo Gold Cup von Gstaad zählt zu den wichtigsten Poloveranstaltungen. Nach Grossbritannien gelangte der Polosport im 19. Jahrhundert, als in Indien britische Kavallerieoffiziere stationiert waren, die die Sportart in ihrer Heimat einführten. 1859 wurde der erste Poloclub gegründet, von 1900 bis 1936 war es gar als olympische Disziplin vertreten. Das oberste Gebot gilt dem Schutz der Tiere: Ein Pferd darf nicht zwei Zeitabschnitte aneinander bestreiten. Jede mögliche Gefährdung des Tieres führt zur sofortigen Unterbrechung des Spiels. Jeder Spieler muss also mit mindestens vier Pferden zum Spiel anreisen. Eine Tradition bildet das Mitmachen des Publikums beim Ausebnen der von den Pferdehufen während des Spiels ins Feld getretenen Löcher auf dem Spielfeld. *(bpm)*

Bank EKI mit gutem Ergebnis und Bauplänen

Interlaken Die Bank EKI Genossenschaft blickt auf ein wirtschaftlich gutes erstes Halbjahr zurück – und hat Pläne für ein Mehrfamilienhaus.

«Das qualitativ hochwertige Wachstum bei den Kundenausleihungen konnte im ersten Halbjahr 2023 weitergeführt werden», teilt die Bank EKI mit. Die Bilanzsumme sei um 13,5 Millionen Franken auf 1670 Millionen gestiegen. Der Geschäftserfolg habe gegenüber der gleichen Vorjahresperiode um 2,3 Millionen Franken auf rund 5 Millionen Franken zugenommen und zeuge nach eigenen Angaben «von einer ausgezeichneten Ertragslage der Bank EKI». Diesen Erfolg gebe die Bank ihren Kundinnen und Kunden weiter. Per 1. August seien die Zinsen der Spar- und Vorsorgekonten teils markant erhöht worden.

Im Zentrum von Interlaken, an der Jungfraustrasse 44, baue die Bank in Zusammenarbeit mit regionalen Unternehmen ein Mehrfamilienhaus nach neusten Standards inklusive Fotovoltaik und umweltfreundlicher Heizung. Die 13 Wohnungen stehen ausschliesslich für Dauermieter (keine Ferienwohnungen) zur Verfügung. Auf fünf Stockwerken entstehen ein Studio, elf 2,5-Zimmer-Wohnungen und eine Attika-Wohnung. Alle Wohnungen werden voraussichtlich Ende Jahr bezugsbereit sein.

Um die persönliche Beratung in hoher Qualität zu gewährleisten, brauche das Geldinstitut mit Hauptsitz Interlaken «auch in Zukunft kompetente und motivierte Mitarbeitende». Deshalb biete die Bank Jugendlichen mit lokalen Ausbildungsplätzen eine Perspektive für die Zukunft. Die eigene Nachwuchsförderung sei schon immer ein wichtiger Bestandteil gewesen, und dies werde auch so bleiben. Seit 1955 ermöglichte die Bank EKI 112 jungen Erwachsenen den Einstieg ins Berufsleben. Heute sind von diesen 112 Personen weiterhin 22 Frauen und Männer für die Bank EKI im Einsatz, zwei davon als Mitglied der Bankleitung. *(PD)*

Due partite, due scenari completamente diversi

Condizioni ideali, un campo perfetto, un sole stupendo e già una grande folla per il giorno di apertura della **Hublot Polo Gold Cup 2023**. Due partite con atmosfere completamente diverse. Il primo match tra **Gstaad** e **Hublot** è stato un festival di Raul Laplacette, mentre il secondo incontro è stato un avvincente duello testa a testa tra i rossi di **Gstaad Palace** e i verdi di **Kielder Agro Group**.

Raul Laplacette e i suoi compagni hanno lasciato Gstaad nel 2022 con una vittoria netta in finale. Ieri pomeriggio, la colonna portante argentina sembrava tornata a casa, sul campo in erba dell'**aeroporto di Gstaad-Saanen**. Era ovunque: inarrestabile in difesa, rubava ogni palla a chiunque volesse dribblare, persino al 7-goaler **Martin Aguerre Jr.,** difendeva il suo obiettivo in modo implacabile e, soprattutto, segnava cinque gol, tra cui un golazo con il backhand da un angolo impossibile, simile a quelli visti solo a Palermo... e a Gstaad!

Ma non c'è un buon giocatore senza una buona squadra e **Laplacette** è ammirabilmente supportato dai suoi compagni di squadra argentini **Francisco Fucci** e **Facundo Kelly**. Una squadra che lavora insieme da un po' di tempo e che ha fatto la differenza in questa prima partita.

https://www.horseshowjumping.tv/inizia-lhublot-polo-gold-cup-gstaad-2023/

Il verdetto della seconda partita, molto combattuta, è giunto solo negli ultimi sette secondi grazie a un gol su rigore di 60 yard di **Pedro Fernandez Llorente** dell'Argentina: vittoria per Gstaad Palace. Tuttavia, gli avversari, Kielder Agro Group, si sono dimostrati altrettanto competitivi, con il capitano **Cedric Schweri** dalla Svizzera che è stato particolarmente brillante, segnando due gol e compiendo numerose azioni decisive in difesa. E l'eccezionale golazo di **Segundo Condesse**, fuggito da un capo all'altro del campo mantenendo la calma di fronte alla porta.

Oggi, giocatori e cavalli avranno riposo. Beh, non proprio, perché saranno per le strade di Gstaad per la tradizionale e colorata sfilata delle squadre, che inizierà alle 16. Un momento in cui il polo si unisce alle tradizioni svizzere in un'atmosfera gioiosa.

Le semifinali di sabato vedranno Gstaad affrontare Kielder Agro Group (13:30) e Gstaad Palace contro Hublot (15:00).

setting with grounds sorrounded by the magical beauty of the Swiss Alps and sees four teams up to 14 goals, in participation. Britain's Oliver Ellis and Charles Seavill are the official umpires.

The tournament kicked off on **Thursday August 17**. Title holders, Gstaad, with three members of last year's winners, Sébastien Le Page, Lucas Labat and Raúl Laplacette, claimed an impressive 11-4 win over Hublot, while Gstaad Palace earned a close 8-7 win over Kielder Agro. Sébastien Le Page's lineup will go head-go-head against Jürgen Schröder's team for the coveted title, on **Sunday August 20**, at 3pm. Prior to the big final Hublot and Kielder Agro will play for the third place at 1.30pm.

Aguerre e Laplacette si daranno battaglia

Due semifinali molto accese, non solo per il generoso sole alpino, ma anche per l'intensità delle due partite giocate davanti a un pubblico ancora più numeroso di quello di giovedì scorso. Le semifinali hanno emesso il loro verdetto: la finale della **Hublot Polo Gold Cup 2023** vedrà affrontarsi le squadre di Hublot e Gstaad.

All'inizio del pomeriggio, i campioni in carica hanno dimostrato ancora una volta che il fenomenale **Raul Laplacette**, autore di altri 5 gol oggi, è il cuore di una squadra perfettamente coesa. L'intesa tra il pilastro argentino e i suoi due compagni **Francisco Fucci** e **Facundo Kelly** è stata più che perfetta. Un potente lavoro di squadra che ha avuto la meglio sul **Kielder Agro Group**, che ha resistito per due chukker prima di essere superato nel terzo periodo dal **Gstaad**.

La tanto attesa finale

Il **Team Gstaad** incontrerà ora il **Team Hublot** in finale. Anche se giovedì, quando le due squadre si sono già incontrate, i giocatori del francese **Sébastien Le Page** (Gstaad) hanno avuto la meglio sul quartetto formato dal capitano tedesco **Jürgen Schröder** (Hublot), questo non fa assolutamente prevedere come sarà la finale, che si terrà oggi alle 15.00.

Questa volta la posta in gioco e il contesto saranno completamente diversi. Giocando per la prima volta qui, **Martincito Aguerre** ha scoperto questo campo particolare solo giovedì. Ora sa come affrontarlo. Dopo aver analizzato il gioco del suo avversario diretto, **Raul Laplacette**, che gli ha dato filo da torcere giovedì, è più fiducioso per domenica. *"Raul è il mio tipo di avversario"*, conferma l'argentino, autore di 7 gol. *"La nostra squadra non si conosceva bene, alcuni cavalli erano nuovi e, soprattutto, il campo è nuovo. È un tipo di polo diverso, più vicino al rugby. L'obiettivo era quello di divertirci e di divertirci, e per di più siamo arrivati in finale! Questo posto è straordinario, non ho mai visto nulla di simile"*.

Anche il suo capitano, **Jürgen Shröder**, sta scoprendo questo torneo molto speciale e non ha nascosto la sua gioia nel trovarsi in finale con una squadra assemblata in poche settimane: *"Di tutti i tornei che ho visto, per me questo è il migliore d'Europa, se non del mondo. Non vedo come possa essercene uno migliore. Un momento di grande sport, un bellissimo evento, sono felicissimo. La partita di oggi è stata molto intensa, con tutti che giocavano per un posto in finale. Tutti erano in palla e i giocatori hanno dato il massimo. È stata molto tesa e a tratti anche un po' accesa"*.

Martin Aguerre e i suoi compagni troveranno la chiave del successo contro un avversario collaudato, dove i giocatori si conoscono a fondo e sono particolarmente motivati a conservare il titolo? *"Prima di tutto vogliamo assaporare questa vittoria"*, ha detto ieri l'argentino. *"Domani affronteremo la squadra migliore, i campioni in carica. Rauli è un ottimo giocatore e qui è particolarmente forte, sa come giocare su questo campo che conosce a memoria. La sua squadra è molto buona, è un'ottima organizzazione e per avere successo nel polo è sempre necessaria una buona organizzazione"*.

Gstaad claimed the Hublot Polo Gold Cup Gstaad

POLO IN SWITZERLAND

Last year, Sébastien Le Page´s Clinique La Prairie, alongside Lucas Labat, Facundo Kelly and Raúl Laplacette lifted the trophy of the prestigious Hublot Polo Cup Gstaad. And in 2023, under the name of Gstaad, they claimed the tournament for the second consecutive year, following the final that took place on Sunday August 20, after an impressive 11-5 win over Hublot. Hosted by the Polo Club Gstaad, located in Gstaad, Switzerland, in a splendid setting with grounds sorrounded by the magical beauty of the Swiss Alps, the competition saws four teams up to 14 goals, in participation. Britain's Oliver Ellis and Charles Seavill were appointed as the official umpires,

Under the command of their flagship man, Raúl Laplacette, who produced seven goals, Gstaad overwhelmed their opponents; Hublot were unable to get in the score, and only Martin Aguerre Jr. (who scored Hublot's five goals) attempted to challenge Gstaad's defense, but he was inmediatly blocked by the indomitable Raúl. The deal was almost said and done in the penultimate chukka, when Gstaad had already a 7-3 lead; and they went furthermore in the last episode to seal the 11-5 win that secured them the title for the second year in a row.

Meanwhile, the third place went to Kielder Agro, after a close 6-5 victory over Gstaad Palace. Kielder Agro was the dominating force thoroghout three chukkas, until Gstaad Place tried to bounce back unsucesfully in the last chukka.

Saanen Polo – ein rasantes Spiel mit kleinwüchsigen, athletischen Pferden –wurde am Wochenende im Rahmen des 26. Hublot Polo Gold Cup gespielt. Das Team Gstaad mit starken Argentiniern verteidigte seinen Vorjahressieg souverän.

Bruno Petroni

Es ist eine Kombination aus Pferderennen, Hockey und Fussball: Polo. Das «Cricket hoch zu Ross» mit vier Spielern und ihren Pferden pro Mannschaft, zwei Toren und einem Spielfeld, das etwa dreimal grösser ist als ein Fussballfeld.

Flugplatz Saanen, westlich der Start- und Landebahn: Das erste Spiel vom Donnerstagnachmittag verliert das Team Kielder Agro Group mit Teamcaptain Cedric Schweri in den letzten Spielsekunden durch einen Penalty; 7:8 lautet das knappe Skore. Derweil verliert das Team Hublot gegen Gstaad das Vorrundenspiel deutlich mit 4:11. Der Argentinier Raul Laplacette steuert in dieser Partie durch eine exzellente Leistung fünf Tore bei, während Teamleader Sébastien Le Page (Frankreich) zunächst ohne Skorerpunkte bleibt.

Schliesslich entgeht Cedric Schweri – dem Sieger von Gstaad vor fünf Jahren – mit seinem Team die Chance auf den Gewinn des Turniers, sie verlieren am Samstag auch das zweite Spiel gegen Gstaad 11:8. Letzteres Team steht im Final vom Sonntag, ebenso wie das Team Hublot, welches gegen Gstaad Palace 8:6 gewinnt. Auch in diesem Spiel steuert Raul Laplacette fünf Tore für sein Team Gstaad bei.

Das Team Gstaad mit dem französischen Captain Sébastien Le Page und seinen drei argentinischen Mitspielern gewinnt am Sonntag schliesslich auch das Finalspiel gegen das Team Hublot deutlich 11:5 und verteidigt seinen Titel vom Vorjahr erfolgreich. Der als wertvollster Spieler des Turniers von 2022 auserkorene Südamerikaner hat auch dieses Jahr diese Auszeichnung auf sicher: In den ersten zwei Spielen steuerte er je fünf Tore bei; im Final gar deren sieben.

Oberstes Gebot ist der Schutz und das Wohlergehen der Tiere. So steht kein Pferd länger als fünf Minuten aufs Mal auf dem Platz. Deshalb reist auch jeder Spieler mit mindestens drei bis vier Pferden an. Und so stehen hinter den vier Mannschaftszelten über hundert vierbeinige Athleten, die von anwesenden Tierärzten genaustens beobachtet und beurteilt werden.

Platztierarzt ist der Leiter des Veterinärdienstes des Nationalen Pferdezentrums in Bern, Beat Wampfler. Dieser erklärt die Eigenschaften der Polopony-Rasse wie folgt: «Das Polopony ist für diesen Sport gezüchtet und trainiert. Wie wir Menschen misst es sich gern im sportlichen Wettkampf.» Damit meint der Veterinär den ausgeprägten Spieltrieb. «Jedes Tier hat ständig den Ball im Blick und will ihn als erstes erreichen. Das ist Spiel- und Lebensfreude pur.» Und bezüglich der herrschenden Sommerhitze sagt Wampfler: «Die Pferde halten die Hitze einiges besser aus als wir Menschen. Die Rasse stammt aus Argentinien, wo die Temperaturen noch einiges höher sind als bei uns.» Wampfler betont auch, «dass die Pferde in keiner Sportart so viele soziale Kontakte untereinander hätten als beim Polo. «Wenn man hinter die Teamzelte blickt und den Tieren zuschaut, weiss man, was ich damit meine.»

Obwohl das Publikum gerade mal durch ein einfaches Hanfseil vom Spielfeldrand getrennt ist, war am Polo Gold Cup noch nie ein Unfall zu beklagen. Auch auf dem Spielfeld gibt es wenig Zwischenfälle. Wohl auch, weil Polo der einzige Mannschaftssport weltweit ist, bei welchem ein Foulspiel schon abgepfiffen wird, bevor es geschieht. So ist es den Reitern beispielsweise verboten, die Laufbahn eines Gegners zu kreuzen. Geschieht dies, pfeift der Schiedsrichter bereits ab, bevor es zu einer Kollision kommt.

Successo per il Team Gstaad nel campo dell'aeroporto di Saanen

Il polo è un gioco di squadra, e i colori di **Gstaad** sono portati in trionfo da Sébastien Le Page e dai suoi complici argentini. Domenica pomeriggio hanno dominato con maestria il gioco su un campo da polo molto speciale: quello dell'**aeroporto di Saanen**. Questo successo ha permesso loro di vincere la **Hublot Polo Gold Cup** per il secondo anno consecutivo.

La Maestria di Laplacette e il Gioco di Squadra Dominante

Il genio di Martincito Aguerre non è stato sufficiente. Nonostante i suoi undici gol (la media quotidiana del **Team Gstaad** dall'ultima giovedì), è stata la squadra guidata da **Raul Laplacette** a dimostrare un gioco di squadra imbattibile. La difesa agguerrita dei campioni in carica ha fatto la differenza. I giocatori **Hublot** non sono riusciti a trovare un varco nel muro difensivo avversario.

Una strategia imbattibile e l'arte di Laplacette

E se qualcuno riusciva a superare la difesa avversaria, **Raul Laplacette** era sempre presente per rubare con calma il pallone all'attaccante. Questo ha consentito al Team Gstaad di avanzare senza problemi e segnare dall'altro lato del campo. L'unico rimedio per **Martin Aguerre Jr.** era di tentare la fortuna da lontano, infatti ha segnato due gol da lontano e altri tre da calci di rigore. La squadra Hublot ha totalizzato solamente cinque gol nella partita.

Il Dominio di Raul Laplacette

Raul Laplacette, il giocatore più prezioso della finale, ha segnato la strada verso la vittoria. Con **17 gol**, è stato il miglior attaccante del torneo. Il campo da polo dell'aeroporto di Saanen è diventato il suo campo da gioco personale. L'approccio vincente di Laplacette ha contribuito significativamente al secondo titolo in due anni per la squadra.

Il **Polo Park di Zurigo**, guidato dal capitano della squadra **Sébastien Le Page**, ha svolto un ruolo fondamentale. La vittoria di quest'anno ha dimostrato che l'organizzazione funziona in modo eccellente, grazie anche alla quasi identica formazione rispetto all'anno precedente.

Sébastien Le Page ha elogiato il campione Raul Laplacette, definendolo incredibile per la sua capacità di controllare il gioco e segnare numerosi gol.

La Partita per il Terzo Posto

La partita per il terzo posto è stata accesa, con **Kielder Agro Group** che ha ottenuto la sua prima vittoria del torneo. Hanno mantenuto un vantaggio di 5-0 nei primi chukker e hanno combattuto duramente fino alla fine, vincendo con un punteggio finale di 6-5 contro i **Gstaad Palace**.

Conclusioni e Riconoscimenti

La 26a edizione della **Hublot Polo Gold Cup** ha ottenuto un ampio consenso quest'anno. L'organizzazione impeccabile, il campo tecnico eccellente, l'accoglienza calorosa e l'attenzione per il benessere dei cavalli hanno contribuito al successo dell'evento.

Hublot Polo Gold Cup in Gstaad Le Page and Laplacette once again

Mathew James August 21, 2023 10:29 am

For more than two and a half decades, the picturesque mountain backdrop around the polo field at Saanen airport has provided an exceptional ambience for Switzerland's most prestigious summer polo tournament. Last year, Sébastien Le Page and his Argentinian team mates won the Hublot Polo Gold Cup in the colours of Clinique La Prarie. This year, the owner of the Polo and Country Club Zurich, played together with Facundo Kelly (4) Francisco Fucci (4) and Raul Laplacette (6) for Team Gstaad. Thanks to a team performance that was convincing in every respect and a Raul La Placette who was once again outstanding, who scored 7 goals for his team, Team Gstaad won 11:5 against Team Hublot.

Raul Laplacette, who scored 7 goals in the final was awarded as Most Valuable Player. Tintin, a 8-year-old dark bay gelding, born in Argentina (by Cuarteto- a son of the famous Cuartetera – and Pollilla) played by Raul Laplacette was awarded as Best Playing Pony.

You will find a detailed report in the next POLO&LUXURY Coffee Table Book.

Gute Spieler und schnelle Pferde: Team Gstaad gewinnt zum zweiten Mal in Folge

21.8.2023 , Gstaad, Sport

Umkämpfter Final am Sonntag zwischen dem Team Gstaad in Weiss und Team Hublot in Blau. Und wieder waren die Weissen schneller am Ball. (Foto: AvS)

Bei hochsommerlichen Bedingungen holte sich das Team Gstaad um Captain Sébastien Le Page den zweiten Sieg am Hublot Polo Gold Cup Gstaad. Um die Pferde zu schützen, wurden wegen der hohen Temperaturen die «Chukker» um jeweils 30 Sekunden gekürzt.

KEREM S. MAURER

«Dass das Team Gstaad erneut gewonnen hat, ist erstens hoch verdient und zweitens keine grosse Überraschung», sagte Pierre E. Genecand, Präsident des Hublot Polo Gold Cups Gstaad am Ende der Veranstaltung. Für ihn war klar: Für den Unterschied auf dem Polofeld sorgte der Argentinier Raul Laplacette, der wertvollste Spieler des Finals und mit 17 Toren auch der beste Torschütze des Turniers. «Er spielte unglaublich gut. Eigentlich spielte er für drei», schwärmte Genecand. Und der französische Teamkapitän Sébastien Le Page doppelte in der Medienmitteilung nach: «Raul ist unglaublich, er kontrolliert das Spiel so sehr, dass es scheint, als würde er nichts tun, obwohl er in Wirklichkeit überall ist und unglaublich viele Tore schiesst. Ich halte ihn für einen der besten Spieler der Welt!» Das Team Gstaad bezwang im Final am Sonntag das Team Hublot sehr deutlich mit 11:5. Le Page ergänzte: «Gute Spieler und schnelle Pferde. Das sind die Voraussetzungen, um gutes Polo zu spielen. Wir hatten beides.»

Weltweites Medienecho
Die Veranstalter bilanzieren über das ganze Polo-Wochenende sehr positiv: Wunderschönes Wetter, «auch wenn es schon ein bisschen heiss war», wie Genecand einräumte, und ein grosses Publikum. «Wir hatten insgesamt ungefähr 5000 bis 6000 Zuschauer, das sind mehr als in den Jahren zuvor», freut sich der Turnierdirektor. Und zum ersten Mal sei ein argentinisches Fernsehteam dabei gewesen, welches die Spiele live nach Argentinien übertragen habe. «Freunde aus Argentinien haben mich angerufen, sie fanden das Turnier in Gstaad fantastisch!», unterstrich Genecand. Über 60 Journalisten aus aller Welt seien vor Ort gewesen. Das weltweite Echo sei nicht nur sehr erfreulich für das Turnier, sondern auch eine gute Werbung für das Saanenland.

Pferde gut – alles gut
Doch was Pierre E. Genecand am meisten freut, ist die Tatsache, dass es weder Unfälle noch Verletzte gegeben hat. «Ich habe nach den Spielen mit den Tierärzten gesprochen: Alle Pferde sind wohlauf und erfreuen sich bester Gesundheit!», sagte er. War es denn für die Polo-Ponys zu heiss? «Nein», winkte er ab, «in Argentinien herrschen noch viel höhere Temperaturen. Die Ponys sind solche Temperaturen besser gewohnt als wir.» Dennoch wurden zum Schutz der Tiere die einzelnen Spielabschnitte «Chukker» um jeweils 30 Sekunden gekürzt.

Great players and fast horses: Team Gstaad wins for the second time in a row

In almost tropic conditions, Team Gstaad, led by captain Sébastien Le Page, claimed its second victory at the Hublot Polo Gold Cup Gstaad. To protect the horses, the chukkers were shortened by 30 seconds each due to the high temperatures.

The fact that Team Gstaad won again is firstly highly deserved and secondly not a big surprise," said Pierre E. Genecand, President of the Hublot Polo Gold Cup Gstaad, at the end of the event. For him, it was clear: the difference on the polo field was made by Argentinian Raul Laplacette, the most valuable player of the final and,with 17 goals, also the best scorer of the tournament. "He played incredibly well. Actually, he played for three," enthused Genecand. And French team captain Sébastien Le Page doubled down in the media release: "Raul is unbelievable; he controls the game so much that it seems he does nothing, when in fact he is everywhere and scores an incredible number of goals. I think he is one of the best players in the world!" Team Gstaad very clearly defeated Team Hublot 11-5 in Sunday's final. Le Page added: "Good players and fast horses. Those are the prerequisites to play good polo. We had both."

An event with worldwide media coverage

The organisers summed up the entire polo weekend very positively: beautiful weather, "even if it was a bit hot", as Genecand admitted, and a large audience. "We had a total of about 5000 to 6000 spectators, which is more than in previous years," said the tournament director happily. And for the first time, an Argentinean television team was there to broadcast the games live to Argentina. "Friends from Argentina called me and said they thought the tournament in Gstaad was fantastic," Genecand said, adding that more than 60 journalists from all over the world were there. The worldwide echo was not only very pleasing for the tournament but also a good advertisement for the Saanenland.

When the horses are good - everything is good

But what pleases Pierre E. Genecand most is the fact that there were neither accidents nor injuries. "I spoke to the vets after the Games: All the horses are well and enjoying good health!" he said. Was it too hot for the polo ponies then? "No, the temperatures in Argentina are much higher. The ponies are more used to such temperatures than we are." Nevertheless, to protect the animals, the individual chukkers were shortened by 30 seconds each.

Teamwork Triumphs with Laplacette

Visualize this: a scene painted with the vibrant colors of Gstaad, where a team led by Raul Laplacette skillfully executes a dance of coordination and strategy. Their harmony propels them towards the peak of victory. Even when Team Hublot fiercely competes, as seen in Martin Aguerre Jr.'s awe-inspiring performance, Gstaad's solid defense stands as an unbreakable fortress.

Laplacette's expertise goes beyond his defensive skills; it embodies a strategic artistry that transforms into brilliant offense, securing success for his team. His role as the top player in the final match and the tournament's leading scorer, achieving an impressive 17 goals, perfectly showcases his status.

Laplacette's insights into their strategy provide a glimpse into their success:

"On this terrain, we must press forward, attack, and keep attacking without relenting."

> "It's a real pleasure because we've been working on it all year round for several years. So I'm both very tired and very happy."

Le Page also highlighted the importance of skillful players and swift horses in delivering exceptional polo.

Thrilling Highlights at Europe's Highest Altitude Polo Tournament

This tournament is far more than just another sporting event; it's a masterpiece resonating with enthusiasts and aficionados alike. The location itself pays homage to the extraordinary, situated 1050 meters above sea level, enveloped by the embrace of the Swiss Alps.

The Hublot Polo Gold Cup Gstaad surpasses the boundaries of a mere sports event; it's an immersive journey into a world of sophistication, luxury, and cultured refinement. Within its bounds, the VIP area and exhibitor stalls offer glimpses into the realm of exclusive luxury items. And behold, there's also a delightful food market that satisfies the public's culinary desires.

In a testament to its commitment to elevated cultural experiences, this year's event presents an innovative exhibition curated by the esteemed Adrienne Desbiolles-Syz Gallery of Zurich. The addition of Richard Orlinski's sculptures and the premiere unveiling of Aston Martin's latest creations infuse the Hublot Polo Gold Cup Gstaad with an even more captivating aura.

The revered Gstaad Palace, renowned for its culinary excellence, graces the event with its culinary mastery. A grand tent next to the polo field hosts two lavish lunches and a splendid gala dinner. Hublot Polo Gold Cup 2023: Laplacette in his backyard … once again!

24. August 2023

Polo is a team sport. Wearing the colors of Gstaad, Sébastien Le Page and his Argentinian accomplices provide clear proof. On Sunday afternoon, they masterfully executed their game on the unique polo field at Saanen airport, winning the Hublot Polo Gold Cup for the second consecutive year.

https://poloplus10.com/hublot-polo-gold-cup-gstaad-17-20-august-2023/

Martincito Aguerre's genius was not enough today. Indeed, Raul Laplacette's team play proved unbeatable. Despite scoring eleven goals once again (Team Gstaad's daily rate since last Thursday), it was the fierce defense of the defending champions that made the difference. The Hublot players could never penetrate their opponents' defensive wall. When they did, Raul Laplacette calmly stole the ball from the audacious attacker, freeing up space for the men from Gstaad to advance and score on the other end. Martin Aguerre Jr.'s only option was to try his luck from a great distance. He succeeded twice and scored his other three goals from penalties. Five goals were all the team could muster today.

Most valuable player of the final, top scorer of the tournament with 17 goals, Argentina's Raul Laplacette is definitely in his backyard on the Gstaad airport field © R&B Presse / P.Renauldon

Earning their second title in two years, the polo field at Saanen airport has become the domain of Raul Laplacette, the most valuable player of the final and the tournament's top scorer with 17 goals. „On this kind of field, you have to keep moving forward with the ball, attacking relentlessly," said Laplacette. „Thanks to our organization—good players and fast horses—we were able to play excellent polo."

The Swiss organization was set up at Polo Park Zurich by team captain Sébastien Le Page. „This second victory is all the more pleasing because it's practically the same team as last year, proving that our organization is working exceptionally well," Le Page celebrated. „I'm both exhausted and thrilled, and I'm looking forward to savoring this victory with some champagne, something I've abstained from for the past two weeks." The French captain also praised his star player, „Raul is incredible; he controls the game so effectively that it seems like he's doing nothing when, in fact, he's everywhere and scoring an incredible number of goals. I believe he's one of the best players on the planet." On the Gstaad field, he could easily be a 10-goaler!

The match for third place was much tighter, with Kielder Agro Group securing their first win of the tournament thanks to two explosive opening chukkers: 5-0. They maintained this lead by fighting hard until the end, allowing only one goal in the last two periods while Gstaad Palace scored five. The final score was 6-5.

This 26th edition of the Hublot Polo Gold Cup was unanimously praised this year for its flawless and relaxed organization, technically excellent field, friendly reception, and above all, the attention given to the well-being of the horses. They were well-cared-for under new refereeing rules and, despite the weather, appeared to be in particularly good condition and eager to play.

It wasn't until the last seven seconds and a 60-yard penalty goal from Argentina's Pedro Fernandez Llorente that the winner of the very tight second game was decided: Gstaad Palace. Yet their opponents, Kielder Agro Group, were quite competitive as well with captain Cedric Schweri from Switzerland being particularly brilliant, scoring two goals and making numerous decisive defensive moves. Segundo Condesse's golazo also stood out, escaping from one end of the field to the other yet keeping his cool in front of goal.
